

## I Rode Southern

### I RODE SOUTHERN 4111-A1

Merle Lovell Shafter, 1940

I rode Southern I rode L and M N I rode Southern I rode L and M N And the way I've been treated I'm goin' to ride the rails again.

The way I've been treated sometimes I wish I was dead The way I've been treated sometimes I wish I was dead Cause I've got no place To lay my weary head.

I rode Southern I rode L and M N I rode Southern I rode L and M N And the longest one I 've ever rode It is now began.

I'm a ramblin' man, I ramble from town to town I'm a ramblin' man, I ramble from town to town Been lookin for two blue eyes And now they been found.

I gave her my watch, and I gave her my chain I gave her my watch, and I gave her my chain I gave her all I had Before she let me change her name.
